## OVERVIEW

Amanda Wilkie is a consultant at Boomer Consulting, Inc. with more than 25 years of technology experience and a strong track record of helping accounting firms modernize systems, lead change and integrate tech with process and strategy. A dynamic speaker and lifelong learner, she facilitates the Boomer CIO, Operations, Technology, and Process Circles, and regularly speaks at top industry events like AICPA ENGAGE. Amanda is a certified Project Management Professional and an Associate Certified Coach who helps guide firms through implementing change with clarity, empathy and momentum.

## KOLBE

Amanda's Kolbe A™ Index reveals her to be excellent in situations that require strategic organization of information. She is adept at setting priorities and putting them into appropriate sequences. Her talent with both strategics and tactics make her essential to any massive effort.

## UNIQUE ABILITIES

Amanda's natural curiosity ensures she is always exploring new skills. Her forte is combining fact-finding skills with a follow-through talent for seeing themes. She invests her energy in figuring out the background of a problem and the steps necessary to solve it.

## PERSONAL

Amanda holds a bachelor's degree in Computer Science from High Point University in High Point, North Carolina and an MBA from Shorter University in Rome, Georgia. Based in Savannah, Georgia, Amanda is a lifelong learner, avid reader and dedicated gym-goer. She brings the same curiosity and energy to her professional endeavors as she does to helping firms thrive.
